ABERRĀ ET INVENĪ

DEGENERATI SAVES!

Give us your tired, your poor in spirit, your soggy huddled masses wearing three year old boots, yearning for something new. The wretched refuse of former days will soon be the new order, united in experience and unwavering passion for discovery.

Is this you?

Are you tired of living and not THRIVING?

Another broken board?

Worried about making rent?

Another sleepless night?

Have you ever noticed how the shadows grow ever longer?

Fear not weary traveler, for the Degenerati Saves!

Miscreants and vagabonds alike have all been saved by the healing powers of the mighty Oculus. Society has marked those on the road less traveled as the wasted outliers. However those that cast their judgement lack the desire to Deviate and Discover. We have taken the journey towards endless enlightenment and so can you. The mighty Oculus asks only for your pure devotion.

We are all called to Live Freely and Drink Deeply.

BIBE ALTĒ,

DIGENERATI
