 OUTERWEAR

Domestic brand founded in 1997 with the concept of creating the wear that we want to put on ourselves. While people's riding styles and lifestyles diversify, we take in the feedback the riders and reflect the know how accumulated throughout the years of designing on our wear.

The concept of SCAPE OUTERWEAR into design and make the wear that we want to put on ourselves on both the snow field and the town filed.

We are offering a new collection full of originality with a huge amount of feedback from our riders out into it again this season as we did ever since we started the brand back in 1997 in Japan.

Keep your eye on our wear that doesnt just work on snow filed but also on various scenes.
