**SPEED GO.**

**NEXT GENERATION BEARINGS**

# NEXT GENERATION HIGH SPEED CERAMIC OIL

Precision aero-synthetic oil blended with nano ceramic compounds for unmatched speed & wear protection.

Superior protection for bearing surfaces from moisture, rust & corrosion.

Add 2 drops to each clean bearing for Next Generation roll!

**BRONSON**

# SKATEBOARDING'S FASTEST BEARINGS!

## G3

- Deep Groove Raceways
- Straight Edge Frictionless Shields
- Max Impact Cage Design
- Balls Out Technology
- Micro Groove Raceway Surfaces
- High Speed Ceramic Oil
- Factory Fresh Quality

The logo features the letters 'G2' in a bold, italicized, sans-serif font. The '2' is significantly larger than the 'G'. To the right of the '2', there are two thick, parallel horizontal lines that extend across the right side of the frame. The background is dark with faint, large-scale geometric shapes.
