

OJ WHEELS FALL 16 DROP

Trip Out, Trip Out! The dude who came up with that T-shirt style that Kyle Leeper is wearing, (tie dye) while backside noseblunt sliding this massive curb, definitely ingested large amounts of Orange sunshine blotter acid and sparked a t-shirt revolution.

KEYFRAMES 87A

This is a soft cruiser wheel. Sometimes called a filmer wheel. Perfect for rugged streets, bricks, cobblestone and long distance skating. Smooth on the roughest of roads. Quiet ride, nice and grippy.

OJ HOT JUICE

The soft, 78a formula makes the roughest roads seem smooth and they are great for downhill riding. They are soft and grippy so these wheels aren't meant for power slides. Mini Hot Juice are perfect for putting on a regular street deck so you can cruise fast and smooth on rough ground and still be able to pull off tricks.
