Micro Groove Raceway Surfaces • High Speed Ceramic Oil • Factory Fresh Quality

**G2**

Deep Groove Raceways • Straight Edge Frictionless Shields • High Speed Ceramic Oil

## **NEXT GENERATION BEARING SAVER SKATE TOOL**

The first and only skate tool designed to prevent shield damage that can occur when installing your bearings or adjusting your axle nuts.

Engineered by Bronson Speed Co. to ensure bearing performance and precision.

## **NEXT GENERATION HIGH SPEED CERAMIC OIL**

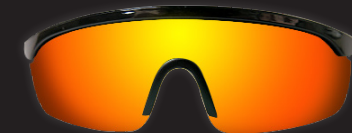

Precision aero-synthetic oil blended with nano ceramic compounds for unmatched speed & wear protection.

Superior protection for bearing surfaces from moisture, rust and corrosion.
