

 **lébent**[®]

FEEL THE DIFFERENCE.

2019/20 WINTER COLLECTION

 **LEBENT.COM**

LE CORE.

WE CRAFT THE MOST COMFORTABLE CORE ESSENTIALS INSPIRED BY MOTHER NATURE THAT GIVES YOU PEACE OF MIND TO ENJOY THE ELEMENTS.

LE STORY.

“NOTHING SHOULD GET IN THE WAY OF GOOD TIMES IN THE OUTDOORS”.

Originally, le bent's founders set out to create the ultimate ski sock.

STRONG EXPERIENCE

... is at our core with 10 years technical boot fitting experience in an award winning boot lab in Val'd'Isere France, coupled with 15 years of pro skiing. We developed a deep understanding of the synergy between feet, socks and boots, witnessing first-hand how the wrong gear ruins a day on the hill.

INNOVATIVE DESIGN

... was required to create the ultimate sock using the best knitting techniques in technical designs and the ideal fibre blend with all the attributes of merino without the itch. Two years of R&D, vigorous testing and refinement was completed before we landed on 'le sock' with our Signature Blend and Definitive Fit System™.

SUPER SOFT SIGNATURE BLEND

... was born. Inspired by the great outdoors, we explored two of nature's finest and amazing resources, bamboo and merino wool. The innovative blend was crafted by an expert team over many years including Australia's peak scientific body (the CSIRO). All the benefits of merino without the itch.

LEADING TECHNICAL SOCKS

... designed to address the issues most commonly faced by skiers, runners and hikers with a form fit and support where it matters most, our Definitive Fit System™. Using the latest in weaving and stitching techniques 'Le Sock' was born. Not just any sock, Le Sock.

SUPER SOFT LAYERING SYSTEM

... was the natural progression. With our Signature Blend working so well why stop at your feet? Our blend was extended to other 'first on skin' layers taking advantage of the technical fibre benefits and super soft, luxurious feel. Our system of first on skin layers is so soft and comfortable that you'll want to sleep in them.

le bent
FEEL THE DIFFERENCE.

line after line,
trail after trail,
run after run.

LE QUALITY.

“EVERYONE DESERVES TO ENJOY THEIR ADVENTURES IN COMFORT”.

Every inch of our products is designed for ultimate comfort and maximum performance. Run after run, trail after trail, day after day, season after season. That's why we back our products with our 'Feel the difference Guarantee'. If your not 100% satisfied with our products, return them **worn OR unworn**, no questions asked within 100 days from purchase.

THE QUALITY. STITCH AFTER STITCH.

We make products that last run after run, day after day, season after season. The latest in weaving technologies and superior fibre blends creates high quality products.

THE COMFORT. ALL DAY EVERY DAY.

We won't settle for anything less than pure comfort. We allow you to forget about the elements so you can enjoy the great outdoors in all conditions.

THE PERFORMANCE. WEAR AFTER WEAR.

We demand more from our products. Our products don't just fit like a glove, they are itch free and provide support, temperature management, breathability, odour resistance, and protection.

THE INNOVATION. IDEA AFTER IDEA.

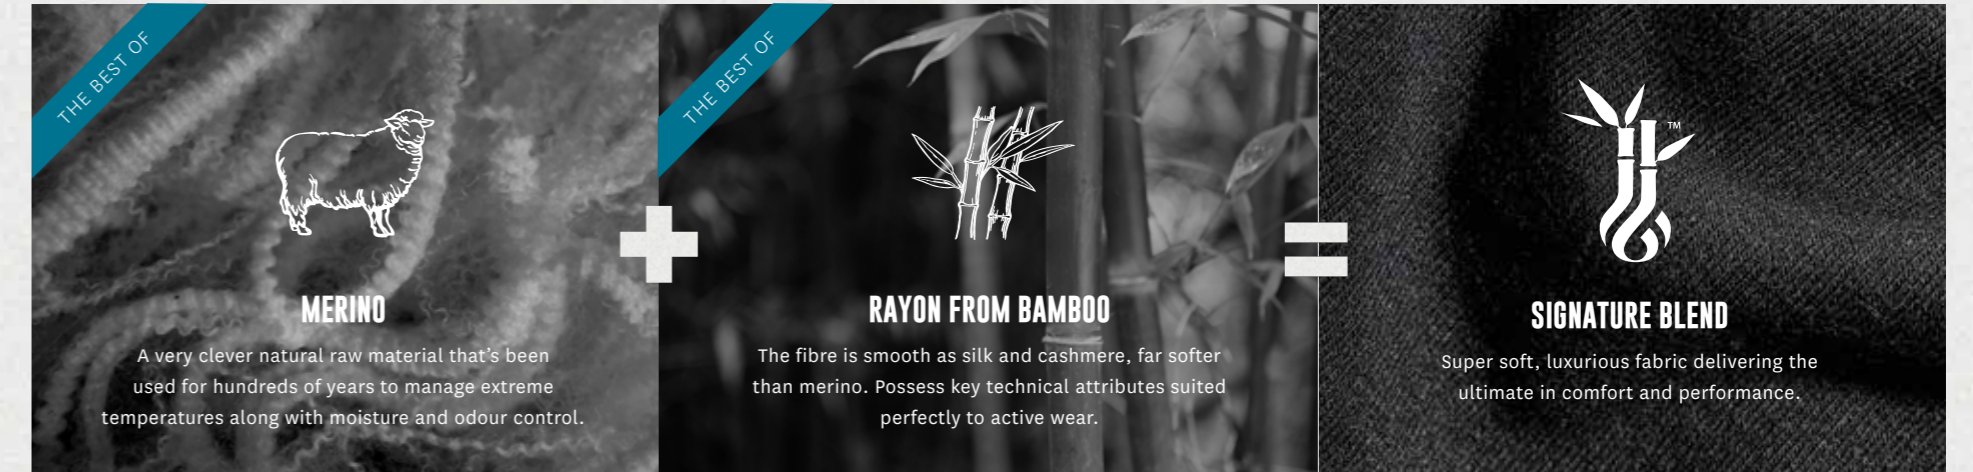

We challenge the status quo and push the boundaries to enhance our end user's experience. Welcome to our Signature Blend.

THE ENJOYMENT. TIME AFTER TIME.

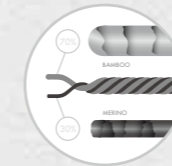

We enjoy what we do and want you to experience the same. Delivering that “aaaaaaah” feeling every time you wear le bent. Enjoy.

LE FABRIC. FEEL THE DIFFERENCE

“AT LE BENT, IT STARTS WITH OUR SIGNATURE BLEND”.

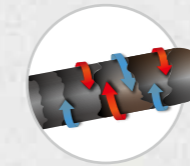

SIGNATURE BLEND ADVANTAGES

NO ITCH

Naturally smoother and rounder fibres for itch free comfort. So soft and comfortable you'll want to sleep in it.

IDEAL TEMP

Leading textile insulator that naturally regulates body temperature in all conditions. Warm in the cold and cool in the heat.

DRY

The ultimate wicking fibre. Naturally moves sweat from the skin leaving you feeling drier for longer.

NO STINK

Helps control the odour producing bacteria for a fresher more hygienic performance. Stink free even when worn multiple times.

UV 50+

Keeps you covered from the sun's harmful rays so you can spend more time outside doing what you love.

SOCKNOLOGY.

DEFINITIVE FIT SYSTEM, A BETTER FIT.

Elastics & strategic stitching provide targeted support in all the key areas:

- 1. Elasticated Instep:** to make it secure and snug, no wrinkles or bunching.
- 2. Ankle band:** precision fit for those twists and turns all day long.
- 3. Achilles Support:** extra comfort in this high friction area, also minimising heel lift.
- 4. Memory Stretch:** moulds to your foot every time you put the socks on.

FEEL THE DIFFERENCE.

CODY TOWNSEND & LEBENT

“These socks are a game changer”

Cody Townsend

Cody Townsend knows a thing or two about backcountry skiing. We're used to seeing him entrenched in deep pow and flying down big lines, but getting to those stashes typically requires long ski tours, steep boot packs, or both, which often comes with gear failures that wreak havoc on his body, the worst of which - his feet. Cold, wet feet and painful blisters that could make a grown man cry, caused by socks that weren't designed specifically for this type of exertion. It was on one of those agonizing tours that he decided F%#@# this. I'm Cody @#\$\$* Townsend. I need to make some better socks.

So he got to it, and together with le bent, Australia's beloved makers of high-performance and ultra-comfortable base layers and socks, they started designing the ultimate ski touring sock, appropriately named Le Send. The first sock ever created specifically for comfort and efficiency on the uphill and high performance on the downhill, combining material blends and ingenious technical features that result in warmer, dryer, and more secure feet.

LE SEND BY CODY TOWNSEND

WORLD'S FIRST TOURING SPECIFIC SNOW SOCK

"THESE SOCKS ARE A GAME CHANGER" CODY TOWNSEND

STYLE CODE	SS1901
STYLE NAME	LE SEND
HEIGHT	OVER CALF
CUSHIONING	TOE BOX
SIZES UNISEX	S, M, L, XL
COLOUR	TAN
MSRP	\$31.95

Price : ¥ 4,000 + Tax

Designed in collaboration with Cody Townsend, these high performance socks have revolutionised comfort on touring missions.

- extra thickness for warmth in the toe box.
- strategic oversize mesh zones for enhanced breathability.
- silicon strips to lock down the heel, eliminating slipping (blisters, inefficient movement) when touring.
- Signature Blend of merino wool + rayon from bamboo.

Product material construction

Rayon from bamboo: 47%
 Merino wool : 20%
 Nylon: 31%
 Spandex: 2%
