# RIDE, PROTECT & SHARE

These three words represent the essence of who we are: a brand created by and for outdoor lovers *who want to change the rules* of our sports and protect their playgrounds. Our special touch? From snowboard and surf to hike and mountain bike, our technical gear stands out for its bold design & colors.

# We *change* the rules of the outdoor game

## Committed brand and business

We have existed since 2008 (born at 384ppm) and since then, our mission is to change the rules of the outdoor game. All companies are in this situation: they have an impact on the planet. They pollute, and so do we. But this isn't the end of the story. In fact, that is the starting point of our sustainability roadmap. So what are we doing ?

### *First, ask the right questions:*

**What is the role of companies in the transition? How are they useful in meeting the needs of a fairer, more sober economy and society that produces and consumes less?** For some, what is their capacity to replace more polluting options? Do they get involved in changing the laws, too? What are they doing to fight climate change and stop the collapse of biodiversity?

**At Picture, our main motivation as a committed textile brand is to make the textile industry less polluting, more sustainable and more sober.** There are multiple points of improvement, but 3 themes clearly stand out:

- Offer less, consume less, make clothes last and repair them
- Getting out of dependence on coal and gas for the production of electricity to power spinning, weaving and dyeing machines
- Getting out of oil for materials

Getting involved on these points leads to multiple additional benefits of reducing: greenhouse gas emissions, air, soil and water pollution, pressure on workers, pressure on ecosystems, etc.

**This is where our B Corp certification has meaning: using business and our influence as a force for good.**

**But let's not beat about the bush, the transformation of the textile sector must be organized, planned, and politicized. It is not just a matter of «committed brands».** The progression of committed brands is not much use if at the same time unscrupulous brands are also progressing in their traditional model. It's a piling up, not a transition.

This is why we need more laws and regulations to put everyone on the same footing, without unfair competition, Penalize the worst practices, encourage the virtuous ones.

***Join us in this adventure!***

### LONG STORY SHORT : HERE IS OUR COMMITMENT IN 5 POINTS

Sustainable materials

Using business as a  
force for good

Climate and Low  
Carbon strategy

Fair and ethical  
production

Packaging policy to  
eliminate polybags

# Sustainability: 5 R's - *Make sobriety the new cool*

## REDUCE

*Less is more*

- Lifetime repair warranty: repairing clothes to make them last as long as possible
- Product quality: making sure that we only make products of the highest quality to last you a lifetime of adventures
- Collection size: increasing our carryover products + reducing SKUs
- Sober marketing practices: not encouraging overconsumption through our campaigns
- Sober business practices: not encouraging overconsumption through our business actions

## REUSE

*Buy less, use more*

- Secondhand/ refurbished products: creating a service to avoid buying new
- Riders for Refugees: donating old gear from Picture riders & employees to refugees
- Circularity: using materials from recycled origins whether pre or post consumer
- Events: organize upcycling workshops to give your old products in a new use

## REPAIR

*Renewing memories*

- Lifetime repair warranty: repairing clothes to make them last as long as possible (1163 repairs worldwide since winter 2019)
- Events: organize upcycling workshops to give your old products in a new use
- Aftersales service: in house team to repair your Picture gear

## RENT

*You don't need to buy something new to try something new*

- Rental service: rentings products in order to satisfy needs and avoid a purchase as well as make the outdoors more (financially) accessible

## RECYCLE

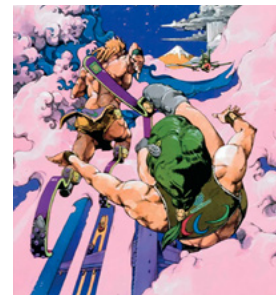

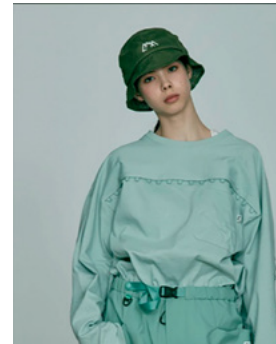

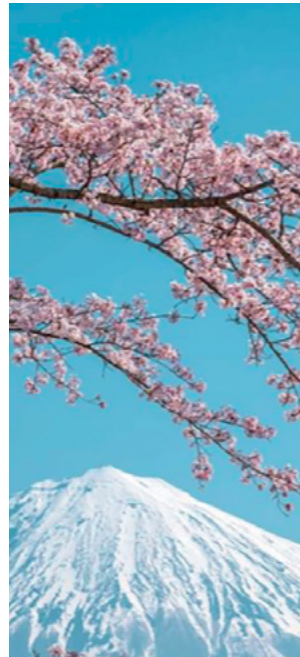

*Waste has value, too*

- Circularity: using materials from recycled origins whether pre or post consumer
- Moving away from oil based materials

# Melodia *3 in 1 JKT*

Transform the outdoor experience with the Melodia 3in1 JKT, a blend of style and function built for the adventurous spirit.

Adventure calls with the Melodia 3in1 jacket, a versatile windbreaker built for the explorer at heart. This single layer jacket is designed with a lightweight and robust crinkle woven fabric. The Melodia 3in1 jacket transitions seamlessly from a protective long jacket to a cropped windbreaker thanks to a zipper system and even into a skirt. Each layer is equipped with an adjustable drawcord for the perfect silhouette and a single-point hood adjustment for practicality. Designed with recycled polyamide and a PFC-free durable water repellent treatment, this long jacket ensures the individual is comfortable and dry all day long. Thoughtful details like elastic cuffs and ample cargo pockets highlight its function.

This technical and stylish poncho is made from 100% recycled polyester ripstop fabric that's lightweight, packable, and highly resistant to tears and abrasion.

Its grid-structured weave ensures long-lasting durability while providing reliable waterproof protection. Snap buttons let you wear it cape-style or with sleeves, adapting to any situation—with or without a backpack. Built to handle the harshest weather, it still makes room for style: whether you go for the clean solid version or the bold printed one, it'll brighten even the greyest days. A true statement piece in the collection, this poncho packs easily into its own pocket, making it the perfect companion for any adventure.

# Shooner *W Stretch PANTS*

Hiking pants with Cordura® panels to reinforce high-friction areas made for hikes that last all day long

Made with crinkled stretch nylon fabric, we designed the Shooner pants with strategically placed Cordura® panels to reinforce high-friction areas. Their abrasion resistance lets you move through rugged terrain without fear of tearing your pants, while the durable water repellent treatment keeps water at bay. The 4-way stretch construction and adjustable ergonomic waistband with integrated belt offer incredible freedom of movement and comfort. Long zippered side vents from the ankle to the calf provide temperature control and air circulation. Equipped with multiple zippered pockets, our Shooner Pants are made for hikes that last all day long and then some.

# Outif Softshell JKT

A blend of lightweight flexibility and wind resistance, perfect for layering.

The Outif Softshell Jacket is the perfect combination of breathability and versatility. Crafted from very light stretch fabric, this jacket provides maximum freedom of movement without sacrificing durability. Its wind-resistant qualities make it an excellent choice as an outer layer or a mid-layer. The ergonomic hood and elastic binding at the cuffs enhance protection and fit. This packable softshell is designed to come on every adventure.

# Eyasi *M Poncho*

This technical and stylish poncho is made from 100% recycled polyester ripstop fabric that's lightweight, packable, and highly resistant to tears and abrasion.

Its grid-structured weave ensures long-lasting durability while providing reliable waterproof protection. Snap buttons let you wear it cape-style or with sleeves, adapting to any situation—with or without a backpack. Built to handle the harshest weather, it still makes room for style: whether you go for the clean solid version or the bold printed one, it'll brighten even the greyest days. A true statement piece in the collection, this poncho packs easily into its own pocket, making it the perfect companion for any adventure.

# Shooner *Stretch PANTS*

Hiking pants with Cordura® panels to reinforce high-friction areas made for hikes that last all day long.

Our tough, technical Shooner Pants will definitely thrill avid hikers. Made with crinkled stretch nylon fabric, we designed the Shooner pants with strategically placed Cordura® panels to reinforce high-friction areas. Their abrasion resistance lets you move through rugged terrain without fear of tearing your pants, while the durable water repellent treatment keeps water at bay. The 4-way stretch construction and adjustable ergonomic waistband with integrated belt offer incredible freedom of movement and comfort. Long zippered side vents from the ankle to the calf provide temperature control and air circulation, while mesh gussets keep everything in place. Equipped with multiple zippered pockets, our Shooner Pants are made for hikes that last all day long and then some.

# Dad & Son collection

Dad & Son is two generations of artists coming together, sharing a passion for art.

We've seen them on posters or on an old postcard pinned to the wall. Those mountains that spark conversations, fuel dreams, and inspire imaginary routes drawn on a napkin or shared over a drink : Half Dome, the Dolomites, Mount Aka, the Catlins.

To bring these iconic places to life, at Picture, we turned to a true story: Dad & Son. J  r  my, our co-founder, illustrated this t-shirt collection with his father. Two generations, two pencils, one shared passion for the great outdoors.

A family story, a legacy, and dreams passed down because you don't always need to travel to the other side of the world to escape.

**Boardshorts**

Must-have performance-driven boardshorts with our summer prints: washed vintage-looking fabrics, or bold colors. We designed this collection of hybrid boardshorts for those who are super active in the water, the great outdoors, or the city. There is something for everyone: 19" or 15", flat waistband or volley-cut boardshorts. For sun-protection, we also offer classic surf tees with a modern look

*Accessories*

**Bags**

Our bags offer *streamlined* and versatile storage options for skiing, hiking, camping, train travel, bikepacking, and even urban escapes. All the more reason to enjoy the unexpected !

Every bag from our product line uses recycled polyester and recycled buckles made in socially-responsible factories. And of course, we take care to make long-lasting and durable, too: the entire line is covered by our lifetime repair warranty program.

Travel

The Wildpath Cube Pack is made up of 3 Cubes (3L, 5L and 8L).

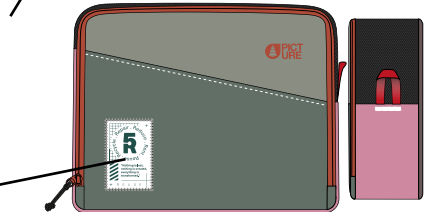

It will help you to better organize all your belongings inside your backpacks. For example, you can store clothes, shoes, snacks or any other essential item for your adventure. The mesh side panels ensure good ventilation, while the strap on the side allows you to easily carry them or take them out of the bag.

Picture's Wildpath Cubes are made from recycled materials from our factories. They are unique pieces made from scraps of our ski jackets and second layers.

# 4 profiles in range

## Ultra low profile cap

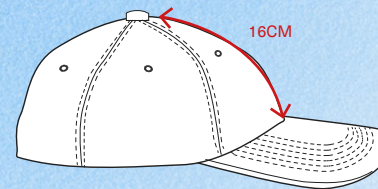

Also known as the dad cap fit, our low profile provides a tight fit, with a shallow volume. Is the perfect choice for those who like a cap that sits above the ears.

SEAM BETWEEN VISOR AND TOP : 15CM

## Low profile cap

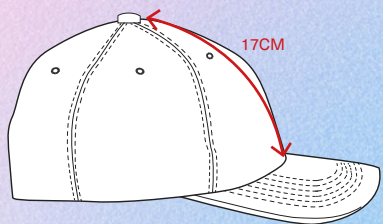

A bit roomier than the dad cap fit, still tight. The cap will sit above ears with a better coverage than the dad cap.

SEAM BETWEEN VISOR AND TOP : 16CM

## Mid profile cap

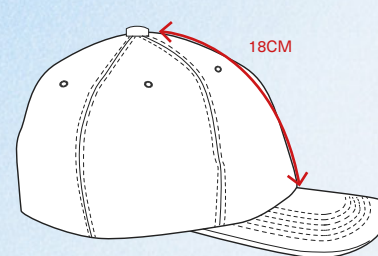

Not too small, not too roomy, our mid profile stands perfectly in between a low and a high profile. It provides a little space between your head and the top of cap.

SEAM BETWEEN VISOR AND TOP : 17CM

## High profile cap

Picture historic fit. Very roomy, perfect for those who are used to large hat size.

SEAM BETWEEN VISOR AND TOP : 18CM

## Layering

Layering is important for managing your climate control in any situation. Regulate temperature and comfort by slipping layers on and off based on the intensity of your effort or as the weather changes. Picture now offers a full range of base layers, mid layers, and outer layers (shells) to help you customize your ideal setup.

### RAIN & WIND PROTECTION

WETSUITS TECHNICAL FEATURES:

			DOMES SERIES	EQUATION SERIES	META SERIES
F A B R I C S	<b>EICOPRENE</b> SUSTAINABLE RESOURCES	Eicoprene is a foam material that has the same technical features and profile as conventional neoprene. Whereas neoprene is petroleum-based, Eicoprene is made from a mix of limestone, SS22 novelty oyster shell powder and recycled tires. Always improving our sustainable engineering, we integrated oyster shell powder as a biosource and renewable solution. The upgraded Eicoprene technology is featured on 100% of the wetsuits range.	✓	✓	✓

4 WAY STRETCH

SECOND SKIN EFFECT

SUSTAINABLE FABRIC

Flexskin is an eco-friendly and extremely stretch neoprene that allows full freedom of movement while surfing by being highly flexible around the arms, shoulders and upper-body.

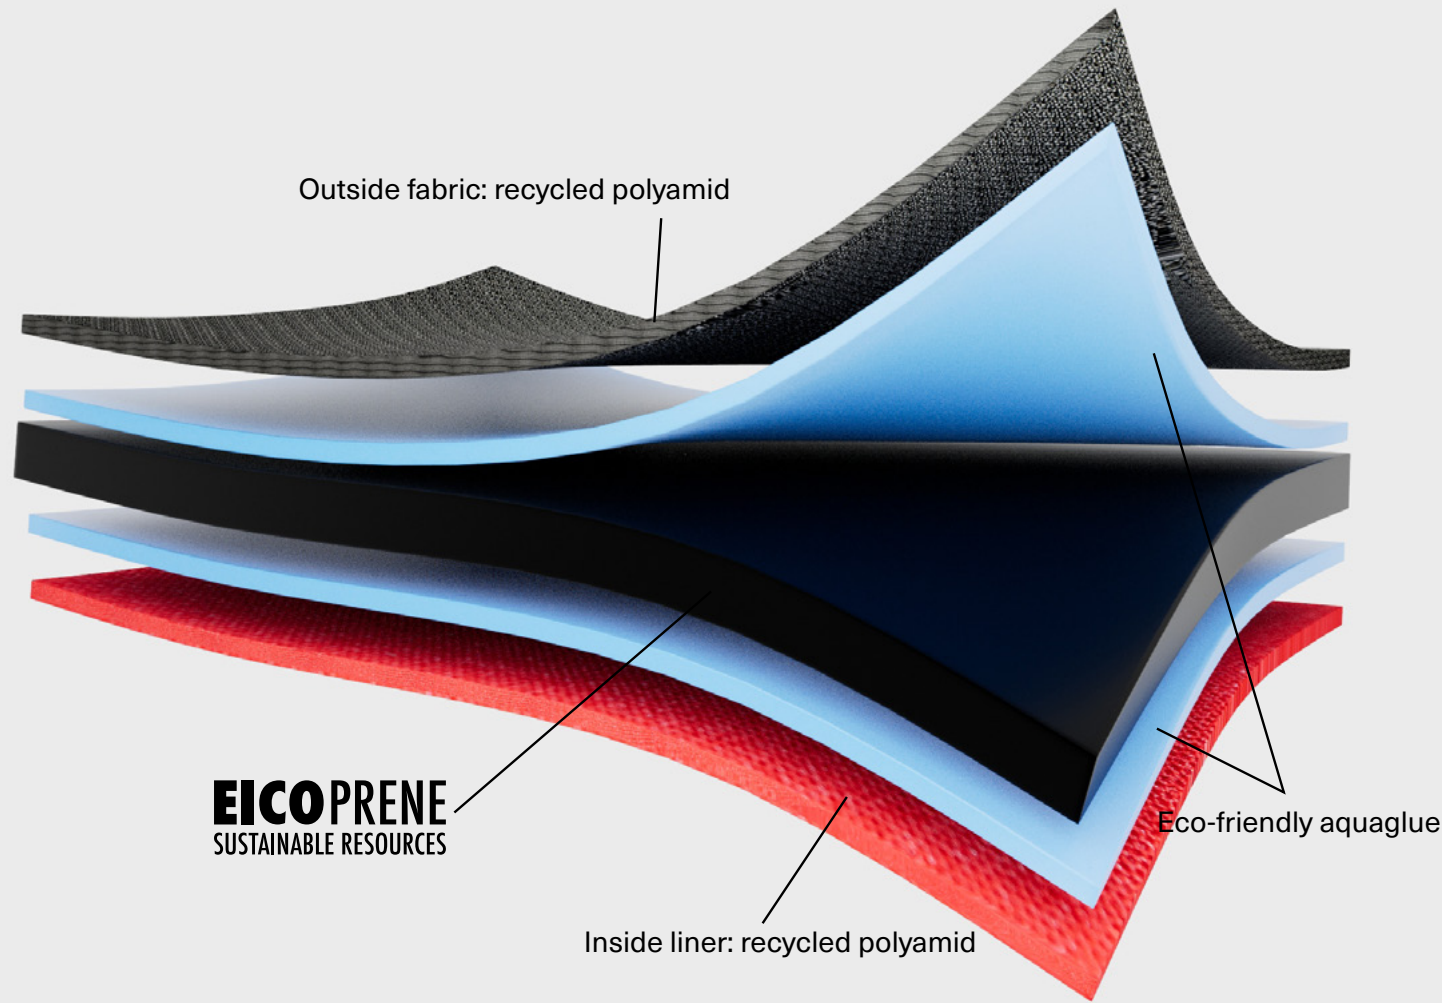

This material is subject to minor cosmetic variations from regular use that will not affect the functionality or performance of the wetsuit. Avoid contact with hook & loop.

Feels so right

## Sustainable production

Environmentally responsible closed loop production process, transforms wood pulp into cellulosic fibers with high resource efficiency and low ecological impact.

## Feels right features

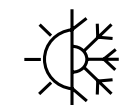

### Color retention

Dope-dyed fiber: long-lasting color vibrancy more than conventionally dyed fiber, and less prone to fade.

### Enhanced breathability

The microscopic fibrils of cellulosic fibers are structured to regulate the absorption and release of moisture.

### Feels cool and dry

Absorbs moisture more efficiently than cotton, keeping your skin feeling pleasantly cool and dry.

### Long-lasting softness

Offer textiles a long-lasting quality of exquisite softness.

### Strength

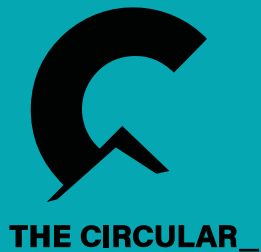

Greater strength among cellulose fibers.

# TECH INDEX

**CORDURA®:**  
Cordura® fabric is a collection of fabrics qualified by INVISTA for use in a wide array of products from luggage and backpacks to boots, military wear and performance apparel.

**DRY NOW:**  
High-performance technology using a recycled polyester blend of hydrophilic and hydrophobic fibers that wicks moisture away from the skin and pushes it to the outside where it can evaporate quickly.

**DRY FEEL:**  
Our new antimicrobial and anti-odor treatment that keeps your base layers as fresh as it was new for more active days. It also means less frequent washing and longer lasting clothes!

**EICOPRENE:**  
Eicoprene is a foam material that has the same technical features and profile as conventional neoprene. However, there is nothing conventional about the origins of this new material. Whereas neoprene is petroleum-based, Eicoprene is made from a mix of limestone (70%) and recycled tires (30%).

**TEFLON ECOELITE:**  
PFC-Free durable water repellent treatment using renewably sourced Teflon EcoElite™ Technology. Zero pollution, zero allergies, zero impact on future generations. Guaranteed 90% efficiency after 10 washes.

# SUSTAINABLE FABRICS AND PROCESSES

**AVITERA SE**  
Dyeing organic cotton with Avitera SE dyes leads to  
- Environment benefits: water and energy savings (50%), Reduced CO2 emission (50%)  
- Consumer benefits: helps colors stay bright and dark shade stay dark , substrates dyed with AVITERA®

**ECO VERO™**  
Derived from certified renewable wood sources using an eco-responsible production process by meeting high environmental standards, LENZING™ ECOVERO™ fibers tailor to a sustainable lifestyle, contributing to a cleaner environment.

LENZING™ ECOVERO™ Viscose fibers key facts :

**LINEN : AN ECO-FRIENDLY, NATURAL AND AUTHENTIC FABRIC**  
This natural material is made from the fibers of the flax plant. Linen is very strong, durable, and absorbent. Since it dries quickly, it helps to evacuate heat. With these beneficial features, it is comfortable to wear in hot weather and gentle to the skin. This fiber also respects the environment as it requires no fertilizer

**POLYLANA®**  
Polylana® Fiber offers brands and retailers a sustainable choice. The same 'wool like' hand feel and characteristics as acrylic fiber, but with a significant lower impact. Consumers will enjoy the same quality,

**RECYCLED POLYESTER :**  
Recycled polyester has much lower impacts than virgin polyester:  
it requires 6 times less oil and emits 2.5 times less greenhouse gases than conventional polyester.  
Source : Quantis

**TENCEL™:**  
TENCEL™ branded fibers offer a range of features including botanic origin, sustainable production, gentleness of skin, long-lasting softness, silky smoothness, enhanced breathability, color retention and biodegradability. TENCEL™ fibers are produced by environmentally responsible processes from the sustainably sourced natural raw material wood (FSC certified).
